

Product: 17" Cocktail Legs (TB01) with either 32" Round Table Top (TT01) or 37" Round Table Top (TT02)

Your purchase and who is C. R. Plastic Products Inc.?

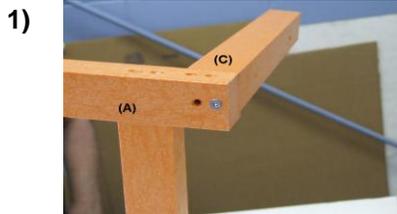

C. R. Plastic Products Inc. is an environmentally conscious Canadian company. Our "Generation Line" of recycled furniture will give you years of comfort, style and maintenance free enjoyment. You will find your furniture to be waterproof and durable. By choosing this product, you are saving generations of trees and are reducing the burden on our landfill sites. Thank you for purchasing from C. R. Plastic Products Inc.

Parts

1. Two sets of Legs. (A)
2. Two Long Stringers (B)
3. Two Short Stringers (C)
4. Table Top (D)
5. Bag of #8 Screws (16 - 2½" and 4 - 2")

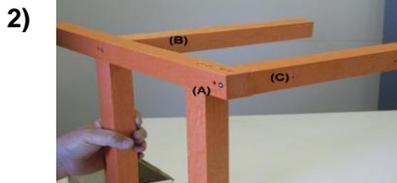

You will need:

1. Drill
2. #2 Robertson (square) or Phillips bit.

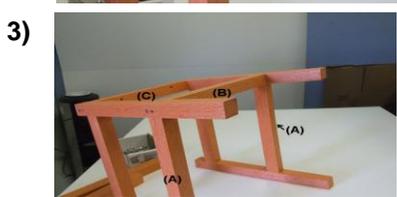

Before starting set the 4 - 2" screws aside for use in Step 4.

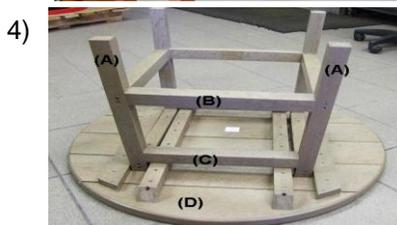

Step 1: Take one of the Legs (A) with the countersunk holes facing you. Take a Short Stringer (C) with the countersunk holes facing down the table legs (This is the longer side of the stringer). The holes on the stringer are offset and should be closer to the outside of the frame. Line the stringer up flush with the top of the leg. Attach the stringer using the 2½" screws. Repeat on the other side. The assembled Legs should taper outwards as shown in the picture at Step 4.

Step 2: Take one of the Long Stringers (B) and line it up with the counter sunk holes on the leg. Attach with 2½" screws. Repeat on the other side.

Step 3: Take the second set of Legs (A) and attach them to the opposite ends of the stringers using 2½" screws. The assembled Legs should taper outwards as shown in the picture at Step 4.

Step 4: Place the Table Top (E) upside down with the frame facing up. Slide the Short Stringers (C) into the slots of the frame. Be sure to center the legs approximately 8¼" from the outside edges of the table. Attach the legs to the table top using **four 2" screws**.

Product: 37" Pub Table Legs (TB03) with either 32" Round Table Top (TT01) or 37" Round Table Top (TT02)

Parts

1. Two sets of legs. (A)
2. Two long stringers (B)
3. Two medium stringers (C)
4. Two small stringers (D)
5. Table top (E)
6. Bag of screws (24 - 2½", 4 - 2")

You will need:

1. Drill
2. #2 Robertson (square) or Phillips bit.

Step 1: Take one of the legs (A), counter sunk holes facing you, and the small stringers (D). Take one of the small stringers, counter sunk holes facing the bottom of the table. The holes on the stringer are offset and should be closer to the outside of the frame. Attach the small stringer (D) using 2½" screws. Repeat on the other side.

Step 2: Take one of the **medium** stringers (C) and line it up with the middle set of holes and attach using 2½" screws. Take one of the **long** stringers (B) and line it up with the bottom holes and attach using 2½" screws. Repeat to the other side .

Step 3: Take the second set of legs (A) and attach them to the opposite ends of the stringers using 2½" screws.

Step 4: Place the table top (E) upside down with the frame facing up. Slide the small stringers (D) into the slots of the frame. Be sure to center it the legs approximately 8¼" in from the outside edges. Attach the legs to the table top using **four 2" screws**.
